## Dedication Is Highlight of Celebration Program

### JUDGE ORDERS COMMIES TO GO TO PRISON

New York, July 2.—(P)—Federal Judge Sylvester J. Ryan today ordered seven top Communists to begin serving prison terms and issued bench warrants for four who failed to surrender.

Ten of the 11 had been sentenced to five years imprisonment for teaching the violent overthrow of the United States government. One had received a three year term.

Those ordered arrested were Henry Winston, 35, organizational secretary of the party; Gus Hall, 36, Ohio state chairman; Robert Thompson, New York state chairman, and Gilbert Green, 42, Illinois chairman.

All had been at liberty under bail of \$20,000 each, furnished by the Civil Rights Congress, which the U. S. attorney general's office has branded as subversive.

Thompson had received the lesser sentence of three years because of his war record. Judge Ryan ruled that bail of the four will be forfeited if they do not appear in court by 9:30 a. m. (EST) tomorrow.

The court issued the commitment order after denying all motions by the defense to reduce, modify or postpone the sentences, which had been upheld by the United States Supreme Court. Harry Sacher of defense counsel had asked that the sentences be reduced or suspended. He also asked for a stay of execution for 30 days.

### Accident 'Results' in Hit-Run Charge

James David Gora, Jr., 9 Tan street, Sheffield, will go before Judge Allison D. Wade this afternoon for sentencing on a hit and run charge preferred by State Police from the Warren barracks. The charge grew out of an accident which occurred about 9:40 p. m. Sunday on Route 6, about seven miles east of Clarendon, when Gora, going east, sideswiped another car being operated by George Allison Miller, 2516 Wayne street, Erie, and failed to stop. Gora was arrested later by State Police and arraigned this morning. (Turn to Page Five)

### Address Delivered by Rear Admiral Robert L. Dennison Is Heard by Large Audience

Dedicatory services for War Memorial Field were held Saturday night with Rear Admiral Robert L. Dennison, Warren native and now serving as Naval Aide to President Truman, making the principal address. The ceremonies were held in the main courtroom of the county courthouse because of the wet weather. A large crowd was on hand to greet Admiral Dennison, and an affectionate burst of applause greeted him when he entered the courtroom.

Following the dedication, Admiral Dennison also participated in another event of the community's four-day Fourth of July celebration when he crowned Jean Anderson, of 210 Terrace street, as celebration queen. This event took place in front of the Municipal building, with another large crowd on hand despite the threat of showers.

### Speed Boat Races On River Thrill Crowd of 10,000

A crowd estimated at more than 10,000 persons lined both sides of the river bank and the Hickory street bridge yesterday afternoon to watch a full program of outboard motorboat racing staged as one of the events of the community's Fourth of July celebration. Seven races, including a free for all, were run under supervision of the Chautauque Lake Power Boat Club, with Commodore Ralph Malard serving as the officer in charge. Judges and scorers were Howard LaLonde, Ray James and Doug Sprinchorn, all of Jamestown.

The closed course was approximately a mile long, and each race consisted of two three-lap heats. Best time of the afternoon was set by Tom Lyne, of Erie, who piloted his Ballerina, powered by a Mercury 25 engine, over the route in three minutes and 47 seconds. There were only two spills during the afternoon, and both drivers and their boats were quickly rescued.

Many of the outboard motorboat owners expressed enthusiasm over the fine manner in which the Jaycees handled the races, first of their kind ever held here, and all said they hoped the event will become a fixture on future Fourth of July celebrations here. Summary of the races:

**Class A Hot Rod**  
Fred Belger, Dunkirk, 1st; Bob Schwab, Tidioute, 2nd; best time: 5:05.

**A Stock**  
C. Knight, Erie, piloting Ace H, 1st; Al Kuhrs, Erie, piloting 101, 2nd. (Turn to Page Five)

### Community Vesper Services Are Well Attended

Times-Mirror Photo

The community vesper services sponsored by the Warren County Ministerial Association as part of the Fourth of July celebration attracted a large crowd to Beatty school lawn last evening at 7:30 o'clock. The weather had cleared but the lawn was still soggy from recent rains, a situation that did not deter worshippers from turning out en masse, and when time for the exercises arrived all available chairs were filled and still others were being carried to the lawn.

The program opened with greetings and announcements by Dr. Robert S. Steen, president of the Ministerial Association, followed by the hymn "Come, Thou Almighty King," sung by the audience, led by the combined community chorus.

The invocation was by the Rev. Roger D. Morey, pastor of Bethel Evangelical U. B. church, and the Scripture reading and prayer by the Rev. H. A. Rinard, retired Lutheran minister.

After the anthem "Great Is The Lord," by the chorus, the Rev. Clarence W. Baldwin, pastor of Grace Methodist church, delivered a thought-inspiring sermon on the subject "The Limits of Freedom." He pointed out that the people of this country should be eternally thankful for the freedom we have in America, warning that "Freedom has its limits," as he pointed out the dangers in taking advantage of certain liberties we enjoy. He reminded that freedom under God is readily recognized in the Declaration of Independence, and recalled that America was settled by men seeking God. The speaker declared that real power, as real freedom, is God-given, and said that "it is good for us to remember that our freedom is God-given, although dearly purchased," and warned that the freedom must be carefully guarded or surely God will take it from us.

The combined chorus then sang "The Battle Hymn of the Republic," followed by the audience joining in the hymn "My Country 'Tis of Thee," and the benediction by the Rev. Morey.

Members of the "Vespers committee" of the Jaycees, with John Haggerty as chairman, were on hand to act as ushers and assisted in placing chairs. The service was broadcast over Warren Radio Station WNAE.

George K. Braden, aged 99, oldest surviving river pilot of northwestern Pennsylvania will appear in Warren's Fourth of July parade Wednesday morning.

Born in Cooksburg, August 4, 1852, he worked in the lumber woods of Forest county until the industry became extinct, then took up farming. He attributes his longevity and accompanying good health to his temperate living, having never used tobacco in any form or tasted alcoholic beverages. He has never been confined to bed an entire day, and despite his advanced age has under cultivation a garden which he himself planted.

Probably the oldest Republican voter in Pennsylvania, he cast his first vote in 1873 and has never missed a general election since. Lumbering and farming are his hobbies and he also likes to reminisce about his rafting days on the river. (Turn to Page Five)

Emergency cases treated at Warren General Hospital over the weekend include the following: Mrs. Lucille Johnson, of Russell, was treated for a fracture of the right wrist, sustained when she fell on Liberty street Friday. She was discharged after treatment.

John Clark, of Sheffield, employed at the Penn Bottle Company, was treated for a burn infection of the right thumb. He was also discharged after treatment.

Saturday, Cheryl Salapek, 2½ of Russell RD 1, was treated for a right wrist sprain sustained in a fall while playing.

Also on Saturday, Norman A. Rhoades, 4, Warren RD 1, was treated for a wrist injury, sustained when he fell from a wagon at his home.

Sunday, Mrs. Ethel Bess, Coudersport RD 2, was admitted following treatment for a fracture of the right shoulder, sustained in a fall while visiting at Warren State Hospital.

Mrs. Nellie Lank, Russell RD 2, was treated for a laceration of the face. (Turn to Page Five)

## Chinese and North Korean Acceptance of Proposal For Cease-Fire Talks Is Broadcast

Tokyo, July 2.—(P)—Red Korea tonight urged its soldiers to fight on while the world waited for news of an expected armistice. Pyongyang radio repeated Chinese and North Korean acceptance of a United Nations proposal for cease-fire talks.

But the Reds made this clear: They are claiming victory in the year-old conflict.

The North Korean Communist station started each broadcast with this statement:

"The Anglo-American aggressors have at last realized failure of their sinister attempt and that is why they are seeking peace."

Between news items the Communist announcers inserted these statements:

"Soldiers on the front, fight bravely and continue annihilation of aggressors," and "anti-aircraft batteries, aim sharp and increase the bag of enemy intruders."

Japanese radio monitors, who heard the Red broadcasts, said the Communist tone was even stronger than usual.

Peiping radio repeated the text of the Communist acceptance statement last night.

The Reds first announced over the two stations Sunday night that they are willing to meet U. N. representatives and discuss a cease-fire. They want the meeting held in the Kaesong area between July 10 and 15.

Gen. Matthew B. Ridgway, supreme Allied commander, had proposed Saturday that a meeting be held aboard the Danish hospital ship Jutlandia in Wonsan harbor. He said he would propose a date, if the Reds agreed to the meeting.

The world talked of peace, but it was "business as usual" on the fighting lines.

There were bitter ground skirmishes at scattered points. There was no action reported from Kaesong, the rubbered town on the western front where the Reds want to hold the negotiations.

"Chinese Nationalists" on Formosa predict cease-fire talks will be drawn out over a long period. They said the Reds asked that the talks be scheduled July 10 to 15 to give them an opportunity to consult with Moscow.

In Hong Kong, a gateway to Red China, many observers expressed the opinion the Reds have tentatively agreed to future peace in Korea for a reason. They say the next step will be a Russian demand for greater voice in the proposed Japanese peace treaty.

The Communists agreement to meet for cease-fire talks was broadcast by Peiping radio late Sunday night. The statement was repeated by North Korea's Pyongyang radio.

The message was addressed to General Ridgway and signed by Premier Kim Il Sung, supreme commander of the Red Korea army, and Peng Teh-Huai, commanders of the Red Chinese "volunteers."

The Red proposal that the meeting be held in Kaesong was expected. (Turn to Page Five)

## MASONIC LEADER IN FRANKLIN IS DEAD

Franklin, July 2.—(P)—James G. C. Cole, 72-year-old former member of the state supreme council of the Masonic Lodge, died yesterday after a week's illness.

Cole, also former strict deputy grand master of Masons, was a member of the Coudersport Consistory and for 30 years served as treasurer of the Franklin Lodge of Elks.

He was an accountant for the S. P. McCalmont estate. Surviving is his widow, the former Minerva Strachen of Meadville, two daughters and two sons. Funeral services will be held here Tuesday with interment at Meadville.

Soil brought from the Revolutionary War shrine of the original 13 states was placed in a large bowl. A Korean War veteran, PFC Francis R. Finley of Philadelphia, mixed the earth samples.

Said Clark: "This native soil will commemorate the unity of our people that was first achieved at this place."

The jubilee celebration began solemnly, impressively, at a tiny Jewish graveyard, Mikveh Israel cemetery, where Colonial Patriot Haym Salomon is buried. Salomon was a major financier of the American Revolution. He gave his entire fortune in the struggle for liberty, died bankrupt.

In the evening 45 torchbearers, flanked by state flags lighted the huge freedom torch on a 20-foot pylon.

Thousands visited the hall, touched the bell. Other thousands heard Tom C. Clark, associate justice of the U. S. Supreme Court, proclaim the declaration has been and still is "an act of leadership for oppressed peoples everywhere."

Clark, who spoke in Independence Square, was the chief speaker at a "hallowed path" ceremony.

## Nine Vaudeville Acts to be Presented At Celebration Variety Show Tonight

The next in the many events scheduled for the Fourth of July Celebration will begin tonight at 7:15 in front of Beatty School building. It's the Variety Show with nine acts featured, many of which have never performed in Warren.

The committee this year attempted as much as possible to obtain performers from the area outside of Warren and only one local act has been booked. It will present George Johnson of Warren, well known humorist, who is spending a summer in his home town.

The other acts tonight include a Tillotson Sisters, singing duo from Spanglersburg; Morgan and Crosby, jugglers from Jamestown; a Hoovler and his trained bear from Cambridge Springs; and Jim O'Donnell, baritone from Oyston.

Also the Susky Brothers from inclaireville, accordion and bass; Elmer Anderson and Howard Cox, Swedish clowns from Jamestown and Russell; Bob Alsbaugh, a singer of Scandinavia; and Janet Kelly, impersonator from Tidioute. Ford Winner and his orchestra will provide the accompaniment for the performers and Chuck Rantner and Roy Schneck will emcee the show which will be broadcast over WNAE.

A stage has been erected in front of the Beatty School and seats will be available also. The public is invited to attend the variety show tonight and is reminded that there will be no admission charge.

**PLUNGES TO DEATH**  
Pittsburgh, July 2.—(P)—Detective James Swide said 18-year-old Charles Michal plunged to his death from a bridge after his father refused to let him take a friend in the family auto.

Michal's fatal plunge from the East street bridge occurred after Michal left home following the argument with his father yesterday.

Standing in the way of adjournment is a stack of major legislation, including Fine's proposed one-half of one per cent income tax.

## After Six Months Lawmakers Unable to Answer Question About Tax Legislation

Harrisburg, July 2.—(P)—The big questions of the 1951 legislative session today are: What to do about taxes—and when do we go home?

After six months of sessions the lawmakers have been unable to answer the first question to anyone's satisfaction. And until they do the second will remain speculative.

The lawmakers have recessed over the Fourth of July holiday. They return July 9 to renew efforts at clearing up the tax mudslide, passing other legislation, then adjourning.

So far the legislature has passed 185 of the 2309 bills introduced. Gov. John S. Fine has signed 145 of these and vetoed eight. The others on his desk may be signed within the next few days.

Standing in the way of adjournment is a stack of major legislation, including Fine's proposed one-half of one per cent income tax.

## America Returns to Spirit of '76 With New Consecration to Cause of Freedom

Philadelphia, July 2.—(P)—America returned to the Spirit of 1776 today with a re-Dedication of Independence and a re-Dedication of Freedom.

A flaming freedom torch symbolizes the occasion.

A nationwide, four-day jubilee of the signing of the great Declaration began yesterday in this historic hall, centered around Independence Hall and the Liberty Bell.

Thousands visited the hall, touched the bell. Other thousands heard Tom C. Clark, associate justice of the U. S. Supreme Court, proclaim the declaration has been and still is "an act of leadership for oppressed peoples everywhere."

Clark, who spoke in Independence Square, was the chief speaker at a "hallowed path" ceremony.

## Drowning Victim Has Relatives Here

Relatives in Warren and vicinity learned over the weekend of the tragedy which occurred late Thursday night at the farm home of Ray Wilson, between Sigel and Corsica in Jefferson county, when John Songer, 18, and J. Shippen, 16, both of Brookville RD 1, were drowned in seven feet of water in a farm pond.

The Songer boy, son of Earl Songer and relative of many in this section, had been working with two other lads during the day on a nearby farm and decided to take a dip in the pool about ten o'clock at night. The third boy, whose name was not learned, told Brookville firemen and police that he left Songer and Shippen while they were attempting to right a raft in the pool. When they failed to report, he became worried and sent out an alarm.

Firemen worked with rescuers for more than two hours before they were pronounced dead by the county coroner.

A high mass of requiem for the two boys will be sung tomorrow morning in the Church of the Immaculate Conception in Brookville, after which young Songer will be buried at Sigel and young Shippen at Corsica.

**WATER SCARCEN**  
The emergency truck from Central Fire Station was called to 423 Hickory street at 11:10 p. m. yesterday when residents thought that water pipes had burst in the basement. Investigation disclosed that the water in the cellar came from a hole in the foundation which allowed surface water to run in. There was no fire and no damage.

Easy Does It When Sharp Hoe Is Used to Cultivate

Research Has Outmoded Hard Work of Deep Cultivator—An Inch or Two Is Deep Enough.

As soon as seedling plants show in the garden row, cultivation should begin; and if it is not to do more harm than good, the cultivator should take it easy.

The old idea that the deeper you stirred the soil, the better, has been cast aside, completely. To cultivate in the modern manner you first sharpen the hoe blade, for it is to be considered as a cutting tool.

Draw the sharp hoe blade toward you so the top half-inch of the soil is sliced off. This will uproot or cut off all weeds which may have started, and get under the crust which may be forming in the soil. It will not disturb the plant roots, or stir the soil deep enough to cause the top layer to dry out.

Keep far enough away from the plant row so that none of the seedlings is injured, yet close enough to kill all the weeds that can be reached safely. This is not hard work, and should be done frequently enough to prevent weeds from reaching any size, and to keep the soil surface porous, so air can reach the plant roots.

Heavy soils are easily compacted, and form crusts quickly when the sun beats down.

The old fashioned goose-neck hoe is a most satisfactory tool for all

cultivating tasks. If you need a hand cultivator, to use in the vegetable row or in small corners where a big hoe cannot function, then a putty knife makes a good one, if you cannot get a better.

Cultivate after every rain, when the soil has dried out enough to crumble. Begin cultivating as soon as your crops appear above the surface, and there is no reason why a weed should ever grow in your garden which requires to be pulled by hand. Except of course in the vegetable row itself. Here, a few hours' work on your knees, pulling up the weeds, usually when you are thinning out the crop, will usually clean up the rows for the entire season.

Free air circulation in the soil has been proved to be a vital factor in the growth of plants. In properly porous soil there is a complete change of air to a depth of eight inches every hour. When the soil becomes compacted and crusted on the surface, this exchange is seriously hampered. Crust formation can be checked by various methods, including the application of a mulch, or by growing a living mulch of fescue grasses. But lacking a mulch, frequent shallow cultivation is necessary, especially after every rain.

Juggling Duo On Variety Show Tonight

"It's Club Time with Morgan and Crosby". Those words will introduce one of 10 attractions signed for the Jaycee Fourth of July Celebration Variety Show tonight at 7:15 o'clock in front of Beatty School.

Morgan and Crosby, one of the few juggling teams in this part

of the country, hail from Jamestown. They learned their juggling from Harry H. Lind, one of the all time great club jugglers who is now a manufacturer of Indian clubs for professional jugglers.

The duo works in solo spots and together as a team during their act as they easily spin from three to six clubs. They have just re-

turned from the International Juggling Convention in Williamsport where they performed on the main show with some of the best acts in the business.

The above picture shows Morgan and Crosby in a happy mood doing a trick called "side by side". There will be no admission charge to the show.

Celebration Notes

Tonight!  
7:30 o'clock!  
Beatty School Lawn.  
Nine-Act Variety Show!

Tomorrow, four o'clock, entrants in Koaster Klassics to meet at Carver street, above Madison avenue, for checking and weighing in. At six o'clock, Klassics which were postponed from Saturday afternoon, will be run.

Members of the Jaycees committee held a "quick" meeting last evening at the Legion, when some important details were discussed—and the Weatherman was "cussed!"

Ed Jefferson, former well known Warren High school and Hivis Oils football player, with his son Ronnie, was among the spectators at the speed boat races Sunday. He is located at Gerry, N. Y.

A group of the Jaycees met at the Beebe Restaurant for breakfast and an early start at eight o'clock Sunday, and during the meal one of them remarked, "Guess we hit the monsoon season!" (It was pouring at the time).

However, the rains succeeded in putting the river up at a stage that made it just perfect for the exciting speed boat races in the afternoon.

It was a source of much satisfaction for the Jaycees and the Ministerial Association to see a large turnout for the Vesper services on the Beatty school lawn Sunday evening at 7:30 o'clock, and it is estimated that thousands of listeners heard the exercises over Radio Station WNAE.

Steve Massa and his crew had decorated the front entrance to the structure, a thoughtful act that was much appreciated by the committee.

An important meeting of the general committee will be held at the American Legion home Tues-

day evening at 9:30 o'clock, and this time the boys are reminded to bring their wives or lady friends. It is hoped there will be a large attendance of women.

Over the weekend it was announced that the Gordon Kiltie Band, of Buffalo, N. Y., has accepted an invitation to participate in the parade and celebration. It is understood there are 30 pieces in the band, rated one of the best in New York State.

The loan of a jeep by Sid Blackman, of the Blackman Motors, Tionesta, is very much appreciated by the Jaycees, and has been of great service in erecting bleachers, stands, transporting equipment etc.

The full text of the introductory remarks by Council President Bill Rice, in presenting Rear Admiral Robert L. Dennison at the dedicatory exercises at the court house Saturday evening will be found in the editorial column today. It contains much information of interest concerning both the rear admiral and the athletic field.

Mr. and Mrs. Ed Highhouse were busy with their refreshments stand in Crescent Park Sunday afternoon. They will provide similar service at the Kids Klassics Tuesday evening in North Carver street, tonight at the Variety Show at Beatty, and tomorrow afternoon at War Memorial Field. They expressed grateful appreciation for the use of equipment loaned by the Warren Field & Stream Club. Incidentally the Highhouses are splitting proceeds with the Jaycees, so patronize them liberally.

There were few patients in the hospital Sunday, and according to an official, not any of them were considered in serious condition. As a matter of fact many of them were in front windows watching the crowds in the park and the racers in the river.

A boat key "P 1 09" was found at Crescent Park and has been

turned in to the editorial rooms. Since it is on a "Parish Battery Service" holder, it is believed to belong to some local person.

"Ike" Reed, well known south side hiker and veteran barber, will have a place in the parade Wednesday as usual, and says "I'll walk of course."

Chief of Police Mike Evan and his boys are deserving of a word of praise for the fine police work and assistance they are giving the committee. The escort service for Rear Admiral Dennison was especially praiseworthy.

**WARREN WAR MEMORIAL FIELD DEDICATION**

Considering last-minute changes necessitated by inclement weather, the program incident to the dedication of Warren War Memorial Field Saturday evening at the court house was a pronounced success, and one that reflects great credit on the Junior Chamber of Commerce and special committee headed by representatives of veterans' organizations in Warren, Clarendon, Sheffield, Tidioute, Youngsville and other communities in the county.

Highlight of the program was the oration delivered by Rear Admiral Robert L. Dennison, presidential aide.

Because the brief introductory remarks of W. E. Rice, president of council, who presided as master of ceremonies in his usual efficient manner contain so much of interest concerning the field as well as the distinguished speaker and the guest of honor, we take the liberty of reprinting his comments in full:

"On this occasion I would be remiss if I failed to mention some of the individuals and organizations whose efforts made possible this living memorial in the form of an extensive recreational area:

"Mr. Albert Ristau who presented the land for this special use;

"The Warren Parent-Teachers Association, pioneers in putting forward a memorial of this kind;

"The Warren Sports Boosters Association which sponsored the project;

"The more than 150 men and women who were active workers in the campaign for funds;

"The War Memorial Corporation directors who gave unselfishly of their time for five years to administer the field;

"The Warren Borough Park Commission, chairmaned by Councilman Kuhre, and Park Commissioner Reier, who have been tireless in their efforts to improve the facilities since the field was turned over to your borough a year ago;

"The thousands of individuals, firms, clubs, lodges and organizations whose contributions made it possible to develop the field to its present status.

"It was early recognized that the perpetuation of this memorial required administration by one of the two local taxing bodies, and it was the will of the people of the community that Warren Borough take title. Hence, the directors delivered the deed to your municipal government. At that moment this memorial field became in fact as well as theory the property of each one of us. It is our responsibility—all 15,000 of us—to complete this memorial. We must provide adequate dressing facilities, lights and a swimming pool and whatever other facilities for which there is a need. We must make it our business to make this a lasting and living memorial—a credit to our community and a fit memorial to the more than 300 Warren county men who gave their lives in World Wars I and II!

"It is quite unnecessary for me to be biographical in introducing our honored guest and speaker. The press and radio have well acquainted you with Admiral Dennison's distinguished service record. You all know that he was skipper of the Missouri and that he is now naval aide to the President of the United States. His decorations which include citations for planning the successful invasions of Kiska and Attu, speak for themselves.

"I could occupy considerable time in listing his accomplishments, but it seems to me that the important point in welcoming Bob Dennison back to his home town is this. As an officer in the United States Navy and more recently also the presidential naval aide, where the spotlight is always upon him, he has conducted himself in a manner which reflects credit not only upon himself, his mother and father and family, his branch of the service and the president whom he serves, but upon the community where he grew up—the community which happily and proudly welcomes him back and extends its thanks for his part in the dedication of this memorial.

It is a great honor and a distinct privilege to introduce Rear Admiral Robert L. Dennison, United States Navy."

Well, the curtain has been rung down on the Senate's MacArthur inquiry and whether or not it was a good thing to end the probe at this point is something on which many people will disagree. But we hope that all will agree that ending the inquiry brings one happy result. That is that it will expedite the fading away of the plague of strained paraphrases on General MacArthur's now-famous "Old soldiers never die" line.

**Here And There**

Give Ken Carlson and his committee in charge of the War Memorial Field dedication credit for doing a swell job under pressure Saturday afternoon when it was discovered that the field was mired in water, and it was decided to hold the exercises in the court house. Before the decision was reached Commander Robert Dennison looked over the court room, to acquaint himself with the setting. After that there were numerous phone calls for assistance, arrangements for getting the colors to the court house, folding chairs for the band, and a hundred and one other details, which were dispatched with almost military precision by the boys who had their training in the Armed Forces of Uncle Sam. A large sign telling of the change in plans was prepared and posted at the entrance of Memorial Field and Radio Station broadcast frequent announcements about the plans so that everyone possible could be informed. The results were very gratifying to representatives of veterans' organizations in charge of arrangements, since the large court room was almost filled to capacity when the VFW band started the half hour concert at seven o'clock. The result was a memorable program, and an occasion that marks an important epoch in the community life of Warren.

This 'N' That: One of the interested spectators at the exercises at the court house Saturday evening was the Hon. E. H. Beshlin, who as congressman back in the early twenties, was responsible for Rear Admiral Dennison receiving his appointment to Annapolis. . . . The committee in charge of the queen's contest played host to the visiting judges at a dinner at Beebe's restaurant Saturday evening before the ceremonies at the municipal building. . . . In spite of the fact that a sprinkle was falling and there was a threat of more rain the crowd gathered early at the city building, and remained to the finish, ignoring the heavier rain that was falling as the Barbershoppers finished their last number. . . . Many were disappointed that Arch Bristow, Garland, famous columnist for the Erie Dispatch-Herald, was unable to be present as one of the judges.

**Peace Bid Poses Whole Flock Of \$64 Questions for Capital**

WASHINGTON (NEA)—Crossed fingers and fishy eyes characterize the official Washington reaction to Russian Jacob Malik's Korean peace feeler. It has raised more new questions than it has provided answers to old questions. Points like this have arisen:

Question: Who will negotiate the cease-fire?

At the end of most wars, the first terms for armistice have been arranged between opposing commanders. In Korea, that would mean Gen. Matthew B. Ridgway for the United Nations and Gen. Chang Teh-whai, who has been supreme commander for the Red Chinese and North Koreans.

In this instance, however, the first point of contact seems to be Soviet Delegate Malik of Russia and the three-man Good Offices Committee of the U.N., headed by Nostollah Entezam of Iran, President of the General Assembly.

Question: Since Soviet Russia has officially claimed it was not a participant in the Korean war, what right has its representative to sit in on the cease-fire and peace negotiations?

It is of course a great myth that Soviet Russia has played no part in the Korean war.

Question: Do the Russians really want peace in the Far East, or are they merely trying to buy time?

REALISTICALLY, there can be no peace in Korea unless the terms are acceptable to and accepted by the Russians. In negotiating a Korean cease-fire, the Russians may wish to enlarge the talks to a discussion of all Far Eastern issues.

Question: If a Korean settlement is bought too cheaply or too soon, will it not release Russian supplies for new greater Communist aggression in Indo-China? Or Iran? Or some other part of the world where the United States and the United Nations are weaker?

Many people often forget the real, primary objective of warfare. It is not to take territory. It is to destroy the enemy's armed forces. UN forces in Korea are now in an extremely strong position to keep on destroying the Red armies. The UN Good Offices Committee should not be caught in the position of asking the Reds on what terms they will settle. Quite the opposite, the UN negotiators should be the first to state terms on which the fighting shall be brought to an end.

Question: What effect will a Korean cease-fire agreement have on the controversy between General MacArthur and the Joint Chiefs of Staff?

A SUCCESSFULLY-CONCLUDED cease-fire arrangement in Korea would appear to be a justification for the Pentagon strategy. It will have brought an end to the fighting without running the risk of involving the United Nations in an all-out war with Russia.

## Postponed Koaster Classics Will Be Held Tuesday Night

Postponed Saturday afternoon because of a steady downpour, the Kids Koaster Classics, scheduled as one of the exciting events on the five-day Fourth of July celebration program, will be held Tuesday evening starting at six o'clock in the Carver street course.

All racers are reminded that weighing in and inspection starts at four o'clock in the afternoon, with particular attention being paid to brakes and steering wheels. The committee also calls attention to the fact that a place has been reserved in the first division of the parade for all boys and their racers who would like to appear. They are reminded that they must have some person to push them, either with a stick, by hand or some other propulsion.

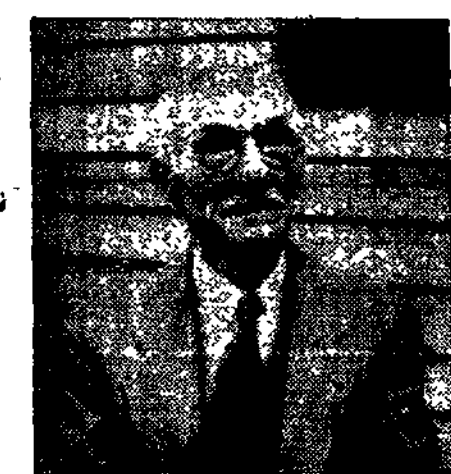

Frank Carter and Lee Rogers, two of the entrants, figured in minor spills Saturday morning while making test runs on the course under the supervision of members of the committee in charge. They were both taken to the Warren General Hospital and treated for burns and bruises, but neither was seriously injured.

An interesting picture of one of the entrants has been arranged with a poster and miniature racers are exhibited in one of the windows of the Hoagvall Hardware store.

## Two Car Accidents Are Investigated By Borough Police

Two automobile accidents and the location of a hit-run driver highlighted city police activities over the weekend.

Other police work consisted of routine calls for several drunks, illegally parked cars and weed complaints. There were many of these calls.

Friday at 11 p. m., cars operated by Gail H. Grinnell, of Clarendon, and Warren J. Check, of Jackson street, collided at Conewango and Pennsylvania. No one was injured and damage was estimated at about \$175. According to the police report, Check was driving south on Conewango with Grinnell following. Check stopped for the traffic light and Grinnell was unable to stop in time to avoid hitting the rear of Check's car.

Saturday, at two p. m., cars operated by Barbara L. Ritchie, of Sheffield, and Carol M. Johnson, 7 Dartmouth street, collided in Times Square. No one was injured and damage as estimated at \$175, with \$120 of that amount to the Ritchie car. The police report stated that both were driving east on Pennsylvania avenue when the Ritchie car made a quick stop, and the Johnson car ran into the rear of the Ritchie car.

Police located a hit-run driver who struck a parked car owned by Francis J. Buchanan, Clarendon Heights, near the American Legion Home on Pennsylvania avenue, west, some days ago. The hater has promised to pay up for damages caused.

Police also put in considerable time working traffic at the Court House and Municipal Building on Saturday night, and at Beaty school last evening in connection with the local Fourth of July celebration.

—Stokes Studio

Wearing an ankle-length gown of Swiss embroidery and redingote of Swiss organdy, Elizabeth Preston Conaway, daughter of Mr. and Mrs. Donald E. Conaway, 208 Conewango avenue, entered Trinity Memorial church on the arm of her father Saturday to become the bride of James Hallowell Yerkes, son of Mr. and Mrs. Charles W. Yerkes, 815 Market street, Williamsport.

The ceremony was solemnized at four o'clock by the Rev. Beecher M. Rutledge, rector, before an altar adorned with two large urns of white gladioli and banked at the base with palms and additional white gladioli.

Jean Robertson was at the organ console to play familiar airs as guests assembled and as accompanist for Janet Evans, Watson, who sang "O Perfect Love" and "The Lord's Prayer."

The bride's fingertip veil of illusion net fell from a matching French cap, trimmed with a spray of fleur d'amour, and her colonial bouquet was of fleur d'amour and baby's breath, with cascades of polished ivy.

Mary Ruth Yerkes, sister of the bridegroom from Williamsport, was the maid of honor, with Dora Lee Messner and Meredith Hutchings as bridesmaids. They were gowned alike in ankle length frocks of pale green organdy over green taffeta, having jewel necklaces, esp sleeves and graduated tucks in bodices and full skirts. Wreaths of ivy formed head crowns and cascaded from their colonial bouquets of white McKreedy daisies and baby's breath, while ivy green sashes and bows marked waists of their gowns.

Donald E. Conaway, Jr., brother of the bride, served Mr. Yerkes as best man and ushers were Charles F. Conaway, younger brother of the bride; Owen E. Landon and Merlin P. Stabley, Williamsport.

I still continue to take it and have recommended it to many of my friends. I truly think HADACOL is a good product."

A double ring ceremony performed by candlelight in North Warren Presbyterian church Saturday united in marriage Lovena Pearl, daughter of Mr. and Mrs. Fred C. DeVore, North Warren, and Frederick August Rulander, Jr., son of Mr. and Mrs. Frederick A. Rulander, Pittsfield.

The Rev. Robert C. Knapp read the service at 7:00 p. m. before a setting of candelabra, white gladioli and delphinium against a bank of palms. ### Johan H. Stohl In Pleasing Recital Of Piano Numbers

The music rooms of the Woman's Club were filled to capacity on Thursday evening when Johan Harold Stohl, son of Mr. and Mrs. Harold Stohl, Brook street, was presented in a delightful piano recital. He is the pupil of Mrs. Charles H. Eaton. The young pianist played with ease, and held the keen interest of his audience throughout the entire program.

He opened with Mozart's "Sonata in A Major," displaying clear phrasing, excellent dynamics and reflecting a refreshing interpretation and a youthful understanding. The beautiful tone and pianissimo effects of the Grieg "Auld Frothing" were a joy to hear, and Johan really caught the spirit of the MacDowell "Novelette." The sensitive tone of the Chopin "Nocturne in F Major" and the spirited interpretation of the "Polonaise in C Minor" by the same composer, afforded much pleasure.

The young artist adapted himself well to the modern school, showing a keen insight and understanding. The "Reverie" was done in true Debussy style. The Samuel Barber "Excursion No. 4," and the second and third Gerhart "Preludes" were performed with an ease seldom heard in work of young students. Respighi's "Nocturne" completed the modern group, which was encoyed by the humorous "Tom Thumb's March" by Pisto.

The most difficult and demanding performance of the evening was the movement from the "Concerto in D" by Haydn. It was played with a clear, exacting touch at a well chosen tempo. Miss Margaret Eaton played the orchestral accompaniment and very capably supported the soloist. He responded to his enthusiastic audience with "Mazurka" by Scucuna.

A tureen dinner was served prior to the meeting and program. Garden clubs from Lander, Sugar Grove, Pittsfield, Clarendon and Youngville, were represented at the affair.

A film on the artificial coloring of citrus fruits in California was shown as the program at the Ladies Night assembly Tuesday evening of the Sheffield Rotary club. There were 25 couples present at the event held at the J. M. O'Connor camp, Blarney Cottage, near Saybrook.

Mr. and Mrs. John Fenstermacher, Warren, were guests at the meeting. The newly elected district governor, Dr. Nelson J. Walter, DuBois, and the present district governor, Harold Burns, New Wilmington, were unable to attend.

## "Y" Staff Personnel at Camp Sherwin on Lake Erie

The first period of the local YMCA summer season at Camp Sherwin on Lake Erie has come to a close and already the boys are off to a fine start on the second-week program.

Campers are in the hands of a fine staff, pictured here as follows: Front row, left to right: Stu Kornreich, Allen Anderson (senior unit leader), E. D. Brown, Margie Wilson (bookkeeper), Mary Konestoba (nurse), Tom Campbell, Eugene O'Neill, LeRoy Salerno. Back row, same order: Bill Mulvey (waterfront director), Fred Heyman, Jack Hahn, Ronald Wood, Murray Cameron (camp director), Charles Johnson, Hugh Lauffer, John Mangus, Bob Cowden, Paul Mutsabaugh (junior unit leader), James Hengst, boys' work secretary.

Earlier reports indicated the campers were knee-deep in a schedule of all types of sports, archery, riflery, swimming, canoeing, etc., with games, pillow fights, and boxing in the lodge when it rained, also the fun of television shows in the mess hall.

Highlight of Wednesday afternoon was the chase through the woods after Jim Hengst in his tiger skin shorts, the latter displayed by the boys on headquarters building with a sign "Trazan Lives Here."

On Thursday, campers enjoyed a trip to the Erie Airport to welcome in an American Airline plane. Perry and Paul Mahaffey were elected to present pilots and stewardess with a cake and a box of candy, the trim young lady in question rewarding each lad with a kiss.

Friday's program allowed a bit more free time in the way of activities and featured "Award Night" in the lodge for those completing the first-period.

At this time Murray Cameron, director, presented honor camper awards to the following: Richard Terry for the cadet section; Ronald Sanden for the juniors; and Eugene Swanke for the older boys. The boys received the awards for living in camp according to the YMCA purpose of strengthening the body, mind, and spirit.

Other awards given included: From Tom Campbell and Robert Cowden, riflery instructors, National Rifle Association certificates to boys who qualified; from LeRoy Salerno, archery instructor, Junior Bowman certificates; from Paul Mutsabaugh, nature instructor, awards in plants, minerals, rocks and trees; and from William Mulvey, waterfront director, swimming awards for beginners, fish, flying fish, and shark tests.

Following the presentation of awards, campers assembled outside in a circle around the "Old Rugged Cross," forming a friend-

**OPEN DAY FOR WOMEN GOLFERS**—Mrs. Jack Hanson, Jamestown, N. Y., shot an 85 for the low gross score Friday at the Conewango Valley Country Club's "Open Day" for women golfers. Of the 30 players from Warren, Chautauqua, Kane and Moonbrook competing, Miss Jane Bell of Chautauqua scored an 85 low net in the first division; Mrs. Peter Juliano of Warren an 82 in the second; Mrs. George Calderwood, also of Warren, a 92 for the third. Mrs. William Moore of Warren won the low putt event with a 29.

In the picture above, Mrs. Juliano is first on the left, with Mrs. Calderwood, Mrs. Moore, Miss Bell, and Mrs. Hanson.

Many of the Warren golfers are planning to participate in the third Northwestern Women's Association tournament to be held at the Kahkwa Club in Erie on Friday of this week and all are again reminded their weekly local tourney will be played tomorrow because of the holiday observance and mixed foursomes planned for Wednesday.

ship chain and humming the appropriate hymn.

The boys departed Saturday morning and the new second-period boys arrived. They had a wet reception with the rainy weather, but with the television set now in camp the group could enjoy watching wrestling matches and a fine program was conducted in the lodge.

Sunday, visitors' day, started off with the salute to colors. The church services were conducted in the chapel, the topic, "The Life of Jesus." Herschel Hester read the scripture lesson, Paul Mutsabaugh led in the singing, and James Hengst presented the theme for the morning. Catholic boys were taken into Girard for mass.

The afternoon program was carried on in a free time, with riflery, archery, and swimming being instructed. Many parents and friends visited the camp during the afternoon. Gathering in the lodge in the evening, the group had group singing, movies, camp slides, and pillow fights.

Highlights in the program for this week are a picnic trip to the peninsula for all the campers and a visit to the Erie YMCA for a swimming party this evening.

Boys registered for the second week and leaving for camp on Saturday were Tom Bjers, Larry Felton, Dick and John Tutar, Jerry Archibald, Dick Jennings, Kenneth Wright, Wesley Mailey, Neil Wade, Keith McDonald, Dave and Gary Rowley, Dave and Tom Valone.

**★ RUTH MILLETT. ★**  
**Leave Your Worries at Home When You Go on Vacation**

**WANT** to really relax during that two-week vacation this summer and let your husband and children get a real vacation, too?

Then, in general, adopt these rules:

One. Leave home worries at HOME. You may have to come back to them—but you don't have to take them with you.

Two. Adopt an uncritical attitude toward your children. Vacation time isn't the time to improve their manners, their posture, or to work at the job of breaking them of any other bad habits. It won't hurt them to just be themselves for a couple of weeks. It might even do them good.

Three. Don't make issues out of small things. Your vacation won't be ruined if you don't get to go through a certain town and call up an old friend—or whatever. So don't harp on minor matters.

Four. Give everybody some responsibility. You'll be better company and easier to get along with if you don't try to do everything yourself.

Five. Don't keep comparing every place you go with the comforts of home. If all you want is comfort, it's better to stay home.

#### DON'T START COUNTING PENNIES

**SIX.** Don't keep bringing up the cost of everything. Money matters should be a taboo topic during a vacation. If the man of the house wants to splurge a little, let him splurge—and without comment from you.

For instance, if he takes you to a nice place for dinner don't be nosy about the check or remind him that the same meal at home would only have cost so much. A woman can be too practical when she goes on a vacation with a man, for most men on vacation like to make an occasional extravagant gesture.

Maybe you're thinking that vacation time should be one time when you don't have to think about rules. But these are all easy—and following them will give your whole family a break.

★ ★ ★ ★ ★

**SPEAKING** of a newcomer she had recently met, a woman said sincerely: "Now there's someone I'd like to know. Isn't it a shame we get so busy we don't have time to make new friends?"

It's a shame, all right. But it isn't necessary to put off making friends of interesting new acquaintances simply on the grounds that we haven't time for them.

A little housecleaning in the friendship department and we'd have room for new friends.

What about Sue, who has become a habit with us and takes up a lot of time, even though she offers nothing worthwhile? Is it worth foregoing seeing a person you would enjoy and learn from to keep or seeing Sue, who doesn't really care about you and whose faults are a constant irritation?

Or what about that weekly club meeting you've come to dread—but still go to, just because it is easier to continue than to make the effort of resigning? That time could be used to see some of the people you are always wishing you could find time to see more often.

#### SOME FRIENDS ARE HABITS

**OR** what about Joan that you know full well simply "uses" you and who has no time for you if someone who impresses her more comes along? Why not fill her place with a person who has a gift for friendship and likes you for yourself?

Too often we let habit rule us even when it comes to friendships. We have time for any so-called friend who has become a habit, but no time for the new acquaintance who is really the sort of person we would enjoy being with.

When you find yourself wishing you had time to get to know a new acquaintance, do a little housecleaning and make the time.

### CONCERNING SUNDAY BOAT RACES

Hundreds of our Christian citizens are surprised and deeply disappointed to observe that in the Thursday issue of the Times-Mirror the announcement is made that the Jaycee organization sponsors a boat race on Sunday July first to take place on the Allegheny River in the center of town.

Warren was thought to be a city of church going people and a great many of us deeply deplore the fact that so flagrant a desecration of the Lord's Day takes place destroying the peace and quiet of this Holy Day. It is surprising to us that our city officials will permit such desecration of the day aside for worship, rest and we doing.

We need to again return to the Good Old Book and read the precepts that lay deep and secure foundations upon which character and righteousness are built. Isaiah 58th. chapter is a good assertion of this fact.

## Many Gifts Made To the Hospital Are Acknowledged

R. Pierson Eaton, president of the Warren General Hospital board, in his annual report told of the gifts of money and service which the hospital received during the year.

These included an anonymous gift of \$1000. It has been reserved for later use by the board.

On resigning his practice in Warren, Dr. Paul Stewart gave his medical books and appliances to the hospital. The Pre-School Parents Group furnished bed trays for the children's ward. Harry E. Erickson, who has been visiting an ill relative for several months, saw the need for a clothes tree, built and donated it.

The hospital auxiliary furnished an oxygen tent for the children's ward. It also began the memorial fund for Warren county doctors of former years, the gifts to be used for equipment the present physicians suggest.

One of the outstanding gifts to the hospital was laboratory equipment bought with donations to the American Cancer Society. The hospital is now headquarters for a county Cancer Detection committee, with the equipment valued at more than \$1900.

The blood donor program established by the Red Cross was also listed as a service by Mr. Eaton since it is said to save the patients many thousands of dollars a year.

The hospital president paid tribute to the Grey Ladies for giving hundreds of hours of service. Through their work, the nurses are relieved of routine duties and the visiting problem managed.

## The Changing Landscapes

RALPH G. ECKERT

Hello Folks: These rains we have been having the last several weeks have really pushed the gardens and crops right along. The sudden heavy rains have also caused a large amount of erosion on fields that happened to be open and on sloping ground. Contour cultivation and strip cropping have reduced the erosion and run-off by a very noticeable degree.

Paul Réagle, farmer up Bear Lake way, completed the conservation survey, with the help of SCS, on his farm. Paul now has a much better idea of the type of soil, slope and amount of erosion he has on his farm. As he saw the soil, cores from the different fields he immediately started to plan for the best use of the different types of ground he has.

Stewart Long, of Corry, completed the conservation farm plan on his Columbus Township farm. Stewart has some rough and wet ground that he is planning on leveling and improving for pasture. His idea is to pasture beef during the summer and sell it in the fall. He plans to build a diversion to remove excess water and then raise a small amount of grain to put the finishing touch on the beef.

Casper Kubicki with the aid of the SCS made the conservation survey for his Davey Hill farm. Casper is convinced the best way to handle the wet, stony ground he has is to improve it for pasture and concentrate on the other ground for crop production.

This week ended the fiscal year so we have been pretty busy preparing reports and securing figures on application of conservation practices for the last half of the year. Some of these figures will be reported to you at a later date to show the progress that is being made by you and your district. See you all next week.

## PRAYER OF DEDICATION

Following is the "prayer of dedication" delivered by the Rev. Beecher M. Rutledge, rector of Trinity Memorial Episcopal church at the Warren War Memorial Field dedication exercises at the court house Saturday evening:

Lord of Hosts, Who hast guided our country through the "Red Sea" of Wars, out of "the House of Bondage," and hast provided for us the many liberties and privileges which we enjoy: Who hast granted us an heritage of glorious sufferings and the strength of chastened trials, we thank Thee for the many blessings we have received at Thy Hands. Especially do we praise and thank Thee for every splendid deed of Sailors and Marines, Soldiers and Airmen, and all of those in whose memory we now dedicate our War Memorial Field, in the Name of the Father and of the Son and of the Holy Ghost. May Thy blessing rest upon them and keep them in all their ways. Into Thy Holy keeping we commend their souls, beseeching Thee to grant unto all of us for whom they died that their devotion may bear fruit in our more abundant service for others, especially unto the youth who will seek wholesome recreation in this field. In our service to the youth, may we here memorialize youthful lives cut short in battle.

Only a fifth of Greek soil can be put to agricultural uses.

We would also remember those in hospitals and elsewhere for whom war has never ceased, the prisoners of war, those blinded, and crippled, and mentally ill, the pain-wracked and maimed.

Grant that we forget not the living victims of war who are as though they had died.

Forgive our misusings of Thy Grace, and grant unto us all a broader vision of opportunities to build a better world of tomorrow through our service to the youth of today.

Accept our intercessions for all mankind. Hasten the day when wars shall cease. Be Thou all things to all men, knowing each one and his petition, each house and its need. Have mercy upon us all. We ask it in Thy Holy Name. Amen.

**BAND CONCERT**—Members of the Warren V.F.W. Post 631 band presented a half-hour concert at courthouse as part of Memorial Field dedication program. Leidy Williams wields the baton.

**BIG SMOOTCH**—Admiral Dennison plants a big kiss on the cheek of Jean Anderson after crowning her Queen of Warren's Fourth of July Celebration.

## WHEN YOUR "E" BONDS MATURE

The Treasury Department offers three choices to holders of Series E, United States Defense Bonds, when their Bonds mature:

**Choices:** You may: *One*, accept cash, if you so desire; *Two*, continue to hold the present bond with an automatic interest-bearing extension; *Three*, exchange your bonds in amounts of \$500 or multiples for a Defense Bond of Series G, which earns current income at the rate of 2½ percent payable semi-annually.

**Action:** If you want to obtain cash, you simply present your bond, with proper identification, to any paying agent. If you want to extend the matured bond you have **ABSOLUTELY NOTHING TO DO**—just continue to hold it. Extended bonds may be cashed at any time you wish. If you want a G Bond, see your bank for details.

**Interest:** The extended bond will earn simple interest on the face amount at the rate of 2½ percent for the first seven and one-half years. Thereafter it will be at a higher rate sufficient to provide a total return for the 10-year extension period of 2.9 percent compounded.

**Taxes:** You have the choice of (1) reporting E Bond interest for Federal income taxes on an annual basis or (2) paying the taxes on the interest in the year when the bonds finally mature or are redeemed. The privilege of deferring taxes does not apply if the E Bond is exchanged for a G Bond.

## Snead Is Favorite In PGA Semi-Finals

Oakmont, July 2—(P)—The 33rd PGA championship looks like another \$3500 benefit for Samuel Jackson Snead.

The West Virginia slammer with the bulging bank account went into today's 36-hole semi-finals over Oakmont's exacting acres opposed by a trio of tyros.

Snead has won the play-for-pay classic twice and was runner-up on two occasions. His foes never have made a dent in the national golfing picture.

His immediate foe for today's fray was 29-year-old Charley Bassler, long-hitting ex-marine from Catonsville, Md., who in his PGA debut a year ago failed to get past the first round.

Just as strange, for this late in the seven-day medal and match marathon, were the pair of pretenders seeking final berths. They were Ellsworth Vines, 39-year-old former tennis champion from Los Angeles, and 32-year-old Walter Burkemo of Franklin, Mich., who is making his first PGA bid a startling one.

Against the opposition, survivors of 140 starters, Snead looked like a shoo-in. No one saw any hope that he wouldn't add the top prize to the \$205,854 he's dug from the tournament trail since storming out of the West Virginia hills in 1937.

In eliminating Freddie Haas, Marty Furgol, Lloyd Mangrum and young Jackie Burke, Snead has pushed aside a quartet of the country's most brilliant performers. And he has been as frugal with strokes as with his winnings for he's 12 strokes under par for 106 holes of match play.

## Bob Feller, Indian Righthander Hurls No-Hitter Against Detroit

By The Associated Press  
Bob Feller, king of active major league pitchers, sits on a pedestal today as the only modern day hurler with three no-hit games to his credit.

The 32-year-old Cleveland righthander, making a great comeback after two mediocre seasons, held Detroit without a hit yesterday as he pitched the Indians to a 2-1 victory in the first game of a doubleheader. The Tigers were limited to only four hits as they as Rookie Bob Chalkles shut them out, 2-0, in the nightcap.

Feller's performance capped an afternoon of brilliant pitching that included a lost one-hitter, a pair of two-hitters and a four-hitter. Bob's no-hit masterpiece overshadowed the Chicago White Sox fall out of the American League lead and Bobby Doerr's feat of making his 2,000th hit as a Boston Red Soxer.

Compared to Feller's achievement...

#### PONY LEAGUE

By The Associated Press

The Olean Oilers moved a step closer to the top last night when they knocked Hornell from second place.

The Jamestown Falcons' game with Bradford was postponed but a Saturday win helped Jamestown to hold on first place.

The Oilers beat Hornell, 5-4, to climb within one game of Jamestown and push the Dodgers back to one and a half behind the leaders. Charlie Harmon, Oiler second baseman, was largely responsible for the win. His home run in the eighth accounted for three of Olean's five scores.

In other games yesterday, last place Corning thumped Wellsville, 11-1, while Batavia scored over Hamilton, 9-2. The Athletics pounded out 17 hits to help Pitcher Jack Yerkes to his fourth straight win. Batavia's Clippers had 13 hits in their victory over the Cardinals.

Saturday's games fell like this: Hornell beat Bradford, 6-5; Jamestown shut out Batavia, 8-0; Hamilton edged Wellsville, 3-2 and Olean won over Corning, 11-5.

**TOURNEY WINNERS**  
Winners of a blind tennis tournament at the Arcade Alleys were announced today, as follows: Men's Division, Tubby Larson, 216; Women's Division, Bernice Thomas, 170. The event concluded the schedule at the Arcade alleys, which now will remain closed until August 15.

ment, Ed Lopat's six-hitter wasn't much, but it was good enough to give New York a 5-2 triumph over Boston and move the Yankees into first place, four percentage points above the White Sox. It was Lopat's 11th win against three losses. Bobby Doerr got his 2,000th hit as a Red Soxer.

Ned Garver's two-hit twirling gave the St. Louis Browns a 3-1 nightcap victory after Chicago had won an 11-inning opener, 2-1, on Minny Minoso's homer.

It dropped the White Sox out of first place for the first time since May 28.

Russ Meyer held Brooklyn to one hit but the Dodgers beat Philadelphia 5-0. Don Newcombe pitched a seven-hitter, for Brooklyn. Pee Wee Reese got the Dodgers' lone blow off the temperamental righthander. It was a booming third inning triple that followed walks to Roy Campanella and Cal Abrams, accounting for the only runs of the game.

Paul Minner handcuffed Cincinnati with two singles in the opener as the Chicago Cubs swept a doubleheader from the Reds, 7-0 and 7-5. Larry Jansen scattered seven hits in pitching the New York Giants to a 4-1 win over Boston's Braves.

In the only games where pitching did not shine, the Philadelphia Athletics downed the Washington Senators twice, 10-7 and 3-2 and the St. Louis Cardinals whipped the Pittsburgh Pirates, 5-4 in 12 innings. Elmer Vale hit three homers for the A's.

## Lutherans Swamp Grace Methodists

Lutherans punched across runs in six of the nine innings to defeat the Grace Methodists, 15-4, in a Church-Y Field Friday night. Batteries were Don Pratt and Colvin for the Lutherans and Hammerbeck and Shearer for the Grace Methodists. Pratt had six strikeouts and allowed seven hits. Anderson led the winners with four hits in five times at bat, while Phil Colvin and Jerry Cederlof each had three for four.

By JOHN ROESURT

### Chapter 21

**PROFESSOR SCOTT** kept pace with a funny arthritic hop. They entered the lobby of the Flemish Arms, and Jigger's face relaxed. He had the sensation of having carried Scott bodily to the hotel.

A scrub-faced boy wearing the top half of a uniform came over, looking hard at Jigger. Jigger asked eagerly, "Got a message for me, sonny?"

The boy said, "What's your name?"

"Jigger Moran. What's the message, sonny?"

"I'm to tell you the lady checked out, and that you're to wait here until he phones you."

Jigger handed the bellhop a crumpled dollar bill. Ninety minutes passed. At last the bellhop came up and directed Jigger to a public pay station.

"Kid, where are you?"

"Airport, La Guardia Field. The girl's taking a powder. Better get here with Scott on the double."

"How much time have I got?"

"Her plane leaves seven-thirty. You've got less than an hour."

"Hey, where will I find you?"

"Gate Six. Stick by the door coming in. I'll spot you."

Jigger ran out of the booth to Professor Scott.

Scott fussed with his coat with ruffled dignity for a long time. He turned to Jigger like a man slow to resentment, but abnormally resentful.

The tirade started Jigger. He'd long forgotten having pushed Scott bodily into a passing taxicab. It was miles ago, an incident lost in the backwash of Manhattan streets.

They were going through the Midtown Tunnel.

There was the smallest pause at Gate Six, when Red snatched over. He nodded hello to Scott.

Jigger asked, "Where is she?"

Red pointed to the far end of the waiting room. "Ladies' Lounge."

Jigger trained his gaze on the door. "Till watch. You talk."

"Well, there she was of a sudden, fully dressed, sober, two valises in hand, and checking out of the hotel. This mind you, not more than fifteen minutes after the screams, surprised?"

Jigger shook his head. "I suspected she was acting."

"Next stop is a parcel checking booth under the Times Building."

Chapter 22

**EVENING** hung warmly over the Observation Deck. Scattercocks formed little islands here and there. Planes droned, coughed, made the sounds of giant bumblebees.

They took seats opposite each other, but close enough for their knees to be awkward. Red dropped into a chair just within monitoring range.

Jigger looked her over. Under muted lights, the vivid contrast of the black and white of her hair and skin was dramatically enhanced. Nothing of her now recalled the dowdy girl with the whiskey breath of hours ago.

She arched her head, conscious of his appraisal. "Aren't you going to question me?" she asked in a curiously compatible voice.

"Okay. Who are you?"

"Trudy Ross."

Jigger kicked the valise. "Will what's in here identify you?"

"Yes." A faint look of amusement flickered briefly in her face. "And so will my handbag. In it you will find an automobile operator's license, a social security card and an Actors Equity membership card."

"How did you get into Room 810 at the FLEMISH ARMS?"

"I was engaged."

"By whom?"

"I don't know."

She checked one valise—the one we trashed in her room—and pockets the ticket. Next we find her at the General Post Office, over near Penn Station. First she buys an envelope, puts what looked like the checking stub into it, and seals the envelope. Then she moves over to Box 370. She keys to it. She reads a letter out of it, and puts the envelope she's sealed into the box."

Jigger asked, "Into the box?"

"Yes. Not mailing it, mind you, but using the box as a depot for messages."

Jigger scanned women emerging from the Ladies' Lounge. "Hurry it Red."

"Then a telephone call, and a breakneck rush out of Manhattan. I saw her cab in traffic, and she beats me here by minutes."

"But how did you know where to find her?"

Red grinned broadly. "We had adjoining phone booths over at the Post Office."

"Where is she going?"

"West Coast."

Jigger read his wrist-watch. It was 7:14. A queue of women trailed out of the Ladies' Lounge. The end one was the girl.

She wore a tunic pinned at the neck with a large oval brooch. She was hatless, and her hair was worked into a coronet.

Jigger grasped Scott's hand. "That girl closest to the door; the girl in the tunic. Is she Sally Woods?"

Scott thrust his head forward, staring with his eyes magnified behind the thick lenses he wore. His face showed the strain of poor eyesight. He advanced a step, veering to a side, seeking a better view.

Scott's face emptied. Jigger looked at him anxiously, and watched him shake his head. "No," the Professor said, "it is not Sally Woods." There was some reproach in his tone. He turned away, and scurried through the door.

It was 7:19.

The loudspeaker was blaring schedules, field zones; people were surging forward and funneling through large glass doors that opened into the airfields.

Jigger moved forward, shouting to Red, "I've got to keep her out of that plane. She circled swiftly, then came toward her from the field door, on a line with her path. Red moved to a flank position, holding the area between Jigger and the door."

"How come?"

"One thousand dollars."

Jigger said, "Are you really that jaded?"

"When you're fighting to stay in the profession, I don't know you do a lot of things to keep on call, to keep away from jobs that take you away from the theater. I'm starry-eyed about acting, jaded to all other things."

She looked squarely at Jigger. "Believe me now."

She plunged ahead before Jigger's reply. "I've stolen cash from my married sister's purse. I've arranged fraudulent credit references for clothes, show jewelry and perfume. Under a half-dozen aliases, I've been engaged four times in order to have a gallant take me to dinner, and for what the engagement ring would bring in pawn. I'm on call as a professional divorce correspondent."

Jigger interrupted, "Okay. I'm enough. Back to your FLEMISH ARMS assignment—How did your employer manage to stay anonymous?"

"When I asked who he was, he turned it into a joke. He said his name was Tommy Manville, Clark Gable, Joe Doakes, or any name that would satisfy me. I was to get the point; any name he would give me would be bogus."

"How did he come to pick you for the job?"

"I asked him that question. He said he knew of me, had seen me at the Revere Hotel and places."

She crinkled a wry smile. "He even said he was a fan of mine; that he had once seen me perform in summer stock in Maine."

Jigger contemplated her for a solemn moment. "Now tell me how that deal between you and Mr. X was worked."

"Mail and telephone was our only way of contact. I was to expect a letter addressed to me care of the Revere Hotel. The letter would contain half the agreed sum of money, a key to the General Post Office Box 370, and a stub for a valise checked in the Parcel Booth under the Times Building. Among other things, I was to find a handbag in the valise, also two framed photographs. I was to familiarize myself with everything available that would help my impersonation."

"The letter came. Later, he phoned me final instructions. There were lots of little procedural details for me to follow before and after the impersonation. But the big things were: I was to register at the FLEMISH ARMS as a Sally Woods, but my real name was Susan Hunter. The framed photographs were my Aunt Penny and my dead grandmother."

(To be continued)

The girl came toward Jigger, blind to his identity, and finding her path blocked, she started around him mechanically. They bumped, and she met his face with a look of exasperation.

Jigger said, "Hello again." He saw her face tighten and her eyes dart, like a rabbit seeking a hole. Jigger said harshly, "No good making a run for it."

She moved experimentally and Jigger retreated a foot, repairing his position. They matched looks, and Jigger said, "I'll go to any lengths to keep you off that plane, sister."

Her teeth showed fight. "You wouldn't dare!"

Jigger seized her arm. "Give up. The masquerade's blown sky-high. We've got that valise you ditched; got you dead to rights."

Last-minute passenger and plane dispositions blazed over the loudspeaker system. The girl said, "I don't know what you're talking about. And I've got to get on that plane!" She tensed, calculating her chances.

Passengers were staring; there were Airport policemen near. The girl seized them, and Jigger knew it. A scream: a lie glibly thrown into the crisis of fleeting seconds and a departing plane—and he would lose. Hysteria would win for her; transform strangers into sympathetic cavaliers. And the girl was a resourceful actress, quite at home in hysteria.

A flash in her eyes signalled him. Her big bust moved with a deep intake of breath. The scream had begun with the thinnest blade of sound, when he caught her mouth in a crushing vise.

Jigger raged, "Baby, you're a party to murder. Act up now and I'll throttle you. I promise you. You can scream me a jam, but not out of your hair."

He freed her mouth; a policeman was moving inquisitively across the big room. He said hurriedly, "Cooperate, and you get a break with me, maybe even catch the next plane."

He watched her weigh his offer, then saw her expression become resigned. Jigger took her valise. "We can talk on the Observation Deck," he said.

Outside, a rush of noise, then the rhythmic whirr of propellers. They could see a plane taxiling down the field, its silver glinting under the floodlights.

He waited quietly while she stared, moodily into the field.

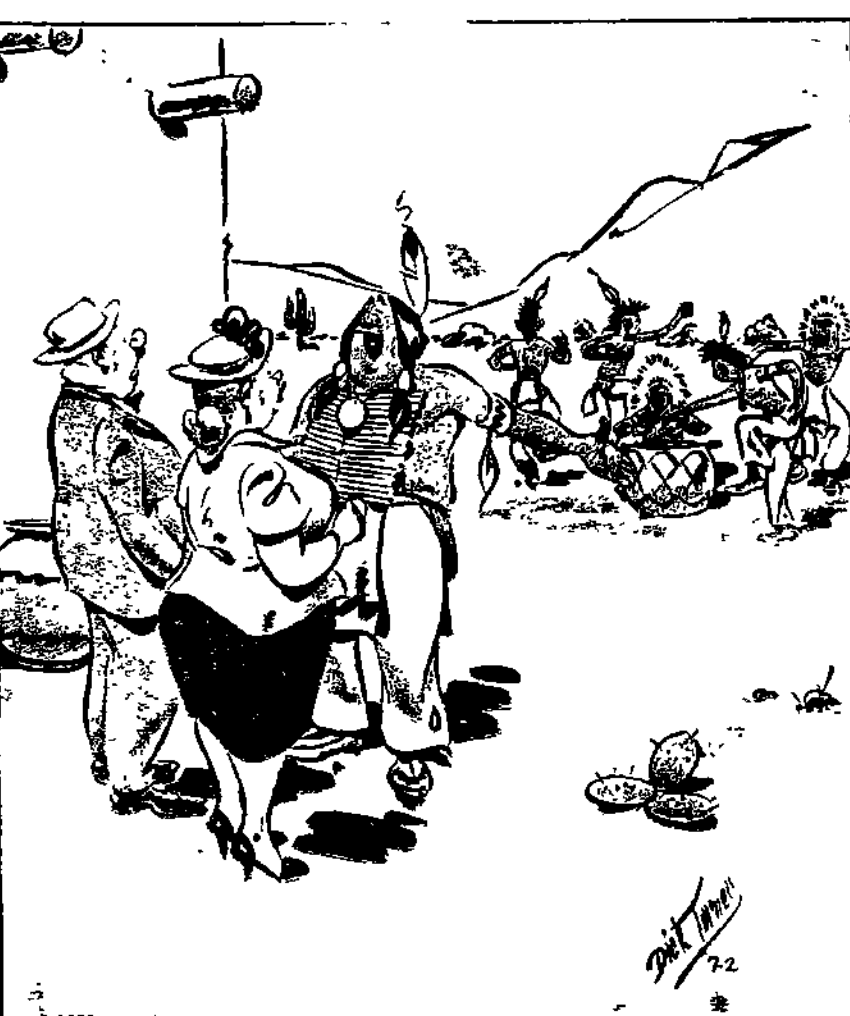

Cynthia Hunter, and were to be arranged prominently on my bureau. My father was a Matthew Hunter, whom I loathed, and I was married to a mental case named Willie Hunter, from whom I'd run away. These latter facts, he stressed, were supplementary, to be used only if necessary, only if my visitor found a way to force me into some discussion. As a matter of fact, I was to avoid being interrogated at all costs. I was to merely acknowledge being both Sally Woods and Susan Hunter; I was to let

DOUBLE THE OVERCALL AND PICK UP POINTS  
Few players take enough advantage of the opening bid of one no-trump. If your partner makes this opening bid you can double an opponent's overcall with a very meager strength and a very light trump holding.  
In today's hand, for example, South should double the overcall of two spades. He knows that North has nearly half the strength in the deck, and his own high cards are more than enough to make it a cinch that the opponents are out-held in high cards.  
True, South is not happy as a lark to double with three tiny trumps. However, he expects his partner to have three spades for the no-trump bid. Hence the com-

## "Town" Meeting Is Scheduled For Sheffield Tonight

Sheffield, July 2—A group of young businessmen and property owners realizing a need for a revitalized Chamber of Commerce have called a meeting for 8 p. m. tonight at the Jones Chevrolet garage.

Persons who are interested in taking an active part in doing whatever is necessary to promote business and prosperity in Sheffield are invited to the meeting. The group pointed out that to insure the success of the organization, active membership will have to be compulsory. Whole-hearted support of each and every member will be expected in carrying out whatever project may be assigned.

It is hoped that at tonight's meeting a nucleus of members will be on hand so that temporary officers can be named and a program of activities for the organization outlined.

Dr. Edward J. Wallick, who re-

cently purchased the medical practice of Dr. Thomas McHenry, will begin his practice in Sheffield today, observing the same office hours as conducted by Dr. McHenry.

Dr. Wallick, who has the same space on Leather street as did Dr. McHenry, has moved his family into the apartment on Horton Avenue which had been occupied by the McHenry.

Dr. and Mrs. McHenry left last week for Pittsburgh where he will

teach pediatrics at the Children's hospital.

The July meeting of the Warren's Society of Christian Service of the First Methodist church will be conducted at 2:30 p. m. Tuesday in the church parlors.

Mrs. Howard Perry will lead the devotions and Miss Edith Chamberlain will have the program. In charge of refreshments will be Mrs. Evelyn F. Gailor, Miss Eva Brown, Miss Edna Brown and Miss Edith Chamberlain.
